While the continued and rapid increase of our Order, as is by all who participated in it. shown by the new Posts that are almost daily being organized, is a source of great gratifica tion and pride to the officers and comrades of the Department, there is another side to the story that is all too plainly told by the official the deceased comrade's name and l'ost to which he belonged, but also his rank, company, and regiment while in the service. An examination of this list shows that during the first quarter of the present year the number of deaths in the Department was eighty-eight, in the second quarter eighty-six, making a total for the six months of one hundred and seventyfour comrades who have been mustered out here and gone to join the Grand Army of Eternity. Of this number fifty-nine were from Posts in this city alone. It is intimated that the number for the present quarter, now so near an end, will not be less than one hundred. The total number of deaths during last year was two hundred and sixty-three, so that, at the rate of increase thus far shown, this year's the gains.

G., Edward Morrisini. one, and the enthusiastic interest expressed in its welfare will soon swell its ranks to at least 100 members. A new Post has been needed here for a long time and abundant material is here to form one, but, for reasons we will not here express, no effort has ever been made until about three months since, when the present organization was first started, and, as you see, we have had a three months' campaign in pushing it through against somewhat formidable difficulties. "All's well that ends well," they say, and so we will view it, and go forward in that spirit of Fraternity, Charity and Loyalty which is the corner-stone upon which our Order rests. THE NATIONAL TRIBUNE will be one of the attractions of our room, and, as now, its columns will be read with ever recurring interest. And it will be our pleasure to advise you of any matter of interest occurring here for the information of comrades abroad. Just now, it occurs to me, our boys, (Grand Army), a few days since, engaged in a sham battle with the boys of the Army of Northern Virginia and other Confederate organizations, for the benefit of a soldiers' home to be established here for ex-Confederates. The old vets were formed in one battalion, and when it came to the final charge, it was so natural to see them rush forward, yelling and cheering, and, of course, carrying everything before them. Am happy to report a good financial success for our triends.
